WELCOME TO DIGNITY CONSTRUCTION BUSINESS PROFILE

OVERVIEW

Dignity Construction and Contracting Co is a multidisciplinary construction and project management firm based in Riyadh, Saudi Arabia. The company is founded on a collaborative foundation between seasoned professionals from Saudi Arabia and India — bringing together architectural design experience, structural engineering proficiency, and execution management capabilities.

The background features a collage of modern architectural elements. On the left, a tall, blue-glass skyscraper reaches towards the top of the frame. On the right, another building with a dark, textured facade is visible. The central area is a light beige color, overlaid with several geometric shapes: a large orange trapezoid on the left, a dark grey triangle on the right, and a smaller orange triangle at the bottom right. The overall aesthetic is clean and professional, emphasizing engineering and construction.

VISION & MISSION

VISION

To be a trusted construction partner in Saudi Arabia, delivering structurally sound, cost-efficient, and high-quality projects through global engineering standards and strong local execution.

MISSION

To transform client visions into durable, compliant, and timely-built assets by combining technical excellence, disciplined project management, skilled manpower, and uncompromising quality and safety practices.

WHY CHOOSE US

INDIA-SAUDI INTEGRATED EXPERTISE

A strong collaboration between India and Saudi Arabia combining global engineering quality with local execution knowledge.

PROVEN TECHNICAL STANDARDS

Design and execution aligned with SBC, ACI, AISC, ASTM, BS, and IS codes, supported by detailed analysis and quality checks.

SINGLE-POINT PROJECT RESPONSIBILITY

Complete control from planning and design to construction and handover, ensuring smooth coordination and accountability.

TRANSPARENT EXECUTION

Clear documentation, regular progress reporting, and honest, traceable billing at every project stage.

OUR SERVICES

**COMPREHENSIVE CONSTRUCTION AND ENGINEERING SOLUTIONS
DELIVERED THROUGH TECHNICAL EXPERTISE, SKILLED MANPOWER, AND
DISCIPLINED EXECUTION.**

CIVIL & BUILDING CONSTRUCTION

RCC and structural construction for residential, commercial, and industrial buildings, executed from foundation to finishing with strict quality control.

STRUCTURAL STEEL & FABRICATION

Design, fabrication, and erection of steel structures including PEB sheds, trusses, mezzanines, and industrial frameworks.

INTERIOR & ARCHITECTURAL FIT-OUT

Complete interior execution covering partitions, ceilings, flooring, carpentry, aluminum, glass, and architectural finishes.

ELECTRICAL & MEP WORKS

Installation, testing, and commissioning of electrical, plumbing, firefighting, HVAC, and complete MEP systems.

SUBSTATION & INDUSTRIAL UTILITIES

Execution of transformers, RMUs, switchgear, process piping, and industrial utility networks.

WATERPROOFING & STRUCTURAL REHABILITATION

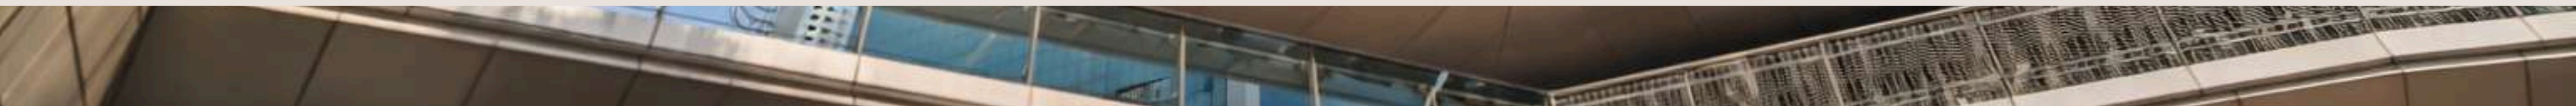

Leak treatment, crack repair, retrofitting, chemical injections, and building restoration works.

ROADS & EXTERNAL DEVELOPMENT

Construction of roads, paving, walkways, drains, boundary walls, landscaping, and site infrastructure.

DEMOLITION & SITE PREPARATION

Safe demolition, excavation, site clearance, land leveling, and debris removal with full safety compliance.

PROJECT MANAGEMENT & QUALITY SUPERVISION

Planning, scheduling, progress monitoring, documentation, and quality control for complete project governance.

MANPOWER SUPPLY & DEPLOYMENT

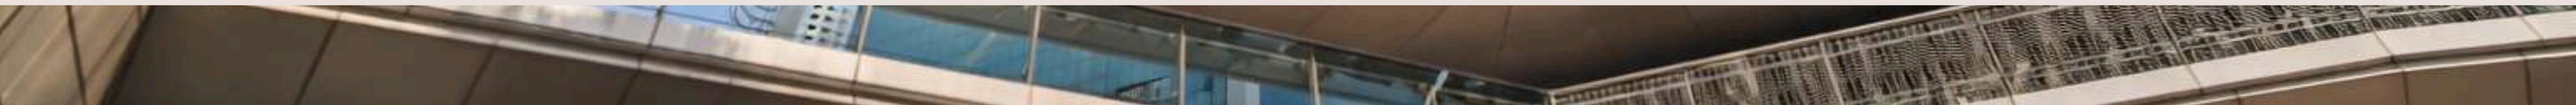

Provision of skilled and technical workforce including engineers, supervisors, and certified trades.

SCAFFOLDING & TEMPORARY STRUCTURES

Supply, erection, inspection, and dismantling of safe and compliant scaffolding systems.

MATERIAL PROCUREMENT & LOGISTICS

Sourcing, transportation, inventory control, and supply of construction materials and equipment.

QUALITY & SAFETY COMMITMENT

QUALITY ASSURANCE

Structured planning, approved materials, defined work methods, and stage-wise inspections ensure consistent workmanship, compliance, and long-term durability.

SAFETY PRACTICES

Strict PPE enforcement, regular safety training, risk assessments, and adherence to KSA safety regulations create a controlled and incident-free work environment.

OPERATION AND MAINTENANCE

Dignity Construction is today among the leading Operation and Maintenance Service providers for power stations, power plants, refineries, steel plants, cement plants, and other infrastructure facilities. We have been successfully fulfilling the requirements of significant clients locally within Saudi Arabia and abroad.

Our operations and maintenance service ensures continuous operations and streamlines their performance and availability

MANPOWER RESOURCES SERVICES

Owing to rich industrial experience in this domain, we are involved in rendering Manpower Resource Service to our clients. These services are widely accepted in different industrial, commercial and corporate regions to perform professional working. To meet the demand of our clients we are providing these services as per our customer's specifications

SAFETY POLICY

The policy of the Management is to provide a safe workplace for all employees. We are committed to conducting our operations in a way that protects people property and the environment. We believe all injuries and occupational illnesses can be prevented. However, the full cooperation of each employee is required to achieve this goal. It is our goal.

We do not consider any phase of our operations to be more important than Safety.
